

NOTICE

if you are interested in the proposed

COCHITUATE RAIL TRAIL

please plan to attend a

PUBLIC INFORMATION MEETING

Monday, November 23 2009

7:00 - 9:00 PM

Morse Institute Library

The Cochituate Rail Trail (CRT) is a proposed 4 mile multiuse trail from Natick Center to Saxonville in Framingham. At this public meeting, the CRT Advisory Committee will present findings from the Town's draft Conceptual Design Study. This study will address issues for the proposed recreation and transportation project, including...

- Existing site conditions
- Potential project impacts
- Environmental issues
- Design alternatives
- Access and parking
- Construction cost estimates

There will be an opportunity for members of the public to ask questions and offer comment.

Funding for the Conceptual Design Study was provided by mitigation funds negotiated with the developers of the Natick Mall Expansion Project specifically for the CRT.

The event will be recorded and shown on Natick Pegasus.
